The original version of this article contained several erroneous citations. All citations of Cee et al., 2007 should have been of Kim et al., 2007, and all citations of Liao et al., 2010 should have been of Lei et al., 2010. In addition, a paper reporting dendritic targeting of Kv4.2 mRNA should have been cited; that citation and reference (Jo et al., 2010) have now been added, and the article has now been corrected online.
